Re: Becker Real Estate Services, Inc.

To Whom It May Concern:

I would like to take this opportunity to thank Becker Real Estate Services, Inc. for their utmost professionalism in handling the sale of my mother's house. Their caring attitude and constant support made a difficult decision much easier to handle.

When faced with a terminal illness, my mother had to sell the house in which she lived for 55 years. Becker Real Estate sat with her and reassured her that everything would be taken care of. She had complete confidence in their ability.

I would highly recommend Becker Real Estate Services, Inc. and would not hesitate to have them handle any future transactions.

Very truly yours,

Peggy Johnstone
