To whom it may concern,

This is a testimonial for Becker Real Estate. Mr. Hilary Becker searched for a new location for our Long Island company for a period of over two years. After considerable effort, he located a great building in a perfect location.

He then assisted us with the moving of our offices and warehouse. In this alone, his help was invaluable. Additionally, his professionalism and sophisticated market research were real assets in the entire process.

I would not hesitate to recommend Becker Real Estate in the future and look forward to using their services in establishing our future upstate offices.

Yours truly,

A handwritten signature in cursive script that reads 'Stephen J. Dolan'.
