Dear Hilary:

Hope all is going well for you both personally and professionally.

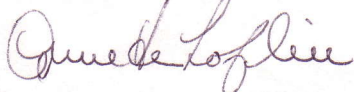

Time certainly does pass quickly when you are having fun so they say and I am a perfect example of it! You, of course, must be thanked for allowing our new life to begin as quickly as it did. Remembering the circumstances of our first meeting so soon after the death of my mother it is difficult to believe that so much has happened.

You, Hilary, and your associates are the most professional real estate agents with whom I have ever dealt. It truly was a pleasure to have you working for us on the sale of my mother's home. Your knowledge of the community, accurate pricing and professional marketing all contributed to a successful effort in the sale of the house.

Hilary, you are a man of your word and provided our family with the very best a real estate broker could offer and I know at times went above and beyond. For this we are grateful and will continue to recommend you to our friends who still reside in Lynbrook.

Come out to Montana where we don't need snow blowers!!!

Sincerely yours,

Annette Loflin
